# Undergraduate Majors of Applicants to ABA-Approved Law Schools

- These data display **Academic Year**. Academic year reflects the law school enrollment year. For example, academic year 2016 or 2016–2017 would indicate the academic year beginning in fall 2016 and extending into spring 2017.

- These data summarize valid LSAT scores and undergraduate GPAs for all applicants to one or more ABA-accredited law schools for the year noted.

- All applicants must have a valid LSAT score, GPA, and major listed to be included.

- All applicants with a single major are counted once, but double majors are counted twice. Column sums will not sum to the published numbers of applicants.

- All majors listed are undergraduate majors only, and graduate degrees or majors are excluded.

- Majors with fewer than 5 applicant counts have been excluded from these tables.

**Please Note:**

It is important to treat these data with caution. It would be a mistake to infer from them that any one major is better than another in preparing students for the LSAT or, indeed, for law school itself. It is not possible to know whether or not the students whose data are captured here would have performed equally well on the LSAT regardless of their selected major.

For questions, please contact LSAC Social Science Research at SocialScienceResearch@LSAC.org.

# Applicants by Major: 2015–2016
